Dear Mr Foutsitzis,

We wish to refer to your application for the recognition of your Medical Laboratories Technician award attained in Greece.

The Higher Education and Training Awards Council has advised that TEI Thessaloniki is a recognised higher education institute in Greece.

HETAC considers the award of Ptychio, attained in 2001, comparable to an Ordinary Bachelor Degree which is placed at Level 7 on the Irish National Framework of Qualifications.

I trust this is of assistance.

Yours sincerely,

Carmel Kelly  
Co-ordinator of Award Recognition
